

Right of Way Permits

Permits required for occupancy of and work within street right-of-way.

Right-of-way permits are required for ALL work done in the street right of way including:

1. Water service connection/repair/replacement
2. Sewer service connection/repair/replacement
3. Storm sewer connection/repair/replacement
4. Driveway approach-curb cut.
5. Installing underground utilities
6. New or replacement of sidewalk
7. Tree maintenance with permission only

Right-of-way permits may be obtained by contacting the Department of Public Works at 989-725-0550 and providing the following information.

1. **Only licensed contractors may obtain a right-of-way permit.**
2. **Certificate of Insurance documenting the following:**
 - a. **General Liability Insurance** (\$1,000,000 per occurrence)
with the city of Owosso named as "Additional Insured".
 - b. **Worker's Compensation Insurance***
*If the contractor is not required to carry worker's compensation insurance,
a sole proprietor form may be completed.
3. **An annual License and Permit Bond in the amount of shown below:**
 - a. \$2,500 if working in the grassy area of the right-of-way.
 - b. \$5,000 if work requires a street cut.
4. **Once the above has been submitted, a permit will be created requiring a signature.**
5. **Pay Inspection Fee per service requested.**
