Master Plan Review

The Master Plan was adopted in June of 2021. Following the plan's adoption, the City hired a consultant to lead City Council and staff through three strategic planning sessions centered on the Master Plan. One of the outcomes from these sessions was staff correlating Council agenda items with Master Plan Goals. Each agenda item now clearly states which Master Plan goals it will work towards. This keeps the Master Plan and the identified goals front and center as the City moves forward.

The City adopted the new Zoning Ordinance and Map in March of 2024.

The City has received Safe Routes to School funding to enhance walkable neighborhoods.

In the Summer of 2023, the City of Owosso received a grant to hire a fellow from the Cook Family Foundation. This fellow was tasked with tracking City Council's progress on implementing the Master Plan. This information will provide a quantitative measurement of the City's Master Plan implementation. Results of Council's progress have been presented to Council and used in a goal setting and planning workshop in January 2025.

Master Plan Goals the City Continues to Promote:

Goal 1: Protect health, safety, and general wellbeing of the community

Goal 2: Provide excellent customer service to residents and investors

Goal 3: Maintain fiscal responsibility and sustainability

Goal 4: Identify, preserve and enhance the community's character

Goal 5: Increase quality of life and quality of place for all

Goal 6: Boost local economy

Goal 7: Strengthen public and private partnerships

Economic Development Strategy Review

The Economic Development Strategy was adopted as part of the Master Plan in June of 2021.

Steps the City has taken towards achieving economic development goals include:

- **Continuing to work toward Redevelopment Ready Community Certification**
- **The City adopted a new Zoning Ordinance in March of 2024**
- **The City continues to employ two code enforcement staff members for the health, safety and blight issues that arise**
- **The City continues to maintain an online Guide to Development**
- **The City continues to partner with the Shiawassee Economic Development**
- **The City has been awarded multiple housing grants for interior and exterior repairs to low-income homes**

Training

CIB held a training session with the Planning Commission in 2025. The training sessions covered roles, responsibilities, regulating authorities, and duties of the boards.

Joint Meetings

The annual joint meeting with City Council, Planning Commission, Downtown Development Authority and Staff was held in May of 2025 for the budget workshop.

Public Participation Plan

The City's Public Participation Plan was updated in March of 2022. It was recently reviewed in 2025 and found no updates were required.

In 2023, the City approved an updated the Parks and Recreation Master Plan. This planning process followed recommendations laid out in the Participation Plan. The Parks and Recreation Commission held numerous public meetings to gather public feedback. They held public meetings in City parks to gain knowledge on the state of the City parks. Staff conducted a presentation to the Owosso Rotary Club regarding the plan and reached out directly to key stakeholders for feedback. There was also a public survey.

The City continues to live stream the Council meetings.

The City's social media presence includes Facebook, Instagram and Twitter.

The City continues to use an email-marketing platform to send out monthly newsletters, bid notifications, employment opportunities, and emergency alerts. The mailing list has grown to over 400 individuals.

Staff continues to use traditional methods of communication as well, such as newspaper postings, mailing letters, and using door hangers when applicable.

Survey Review and Development Process Assessment

This section of the annual report is for the Commission to discuss and review the development process. Some helpful questions to cover include:

- Did the Commission receive any surveys regarding the development process?
- Is there anything the Commission can do to receive more surveys?
- Are there changes the Commission can make to address concerns mentioned in the surveys?
- How does the Commission feel the process is working?

As of December 2023, the forms have been reviewed by staff and updated in terms of readability and process flow. Now having one dedicated employee to complete the review process, there seems to be fewer issues in communication and obtaining the appropriate department feedback required for the Planning Commission. This in turn puts a full packet together for the Planning Commission members to make educated decisions.

Redevelopment Ready Communities

Based on feedback from communities and partners, the MEDC redesigned the Redevelopment Ready Communities (RRC) program in February 2021. The new program has two paths, the Essentials Path and the Certified Path. Owosso has selected the Certified Path, which will have more requirements but will also offer enhanced benefits to the community.

The largest task to complete prior to RRC certification is the updated Zoning Ordinance. The city's updated Zoning Ordinance is waiting for review from the RRC team.

Additionally, the City needs to complete a Marketing Plan, clearly document the internal review process, update its Board and Commission recruitment process, and complete a training strategy for Boards and Commissions.
